WHAT A LONG STRANGE TRIP IT'S BEEN.....

DEDICATION

Mr. Peterson has had a great influence on this years senior class. He makes learning fun for everybody and takes the time to really get to know his students, personally. His classes never get boring thanks to his creative costumes, from Charles Darwin to Jungle Animals, his inspiring lectures and his all around imaginative personality. In the past years he has contributed his time to various activities, such as yearbook. Mr. Peterson is highly respected by his students and is a valuable asset to RHS. Thanks for everything Mr. Peterson.

Found with KC, BA, ET, FM, JM, TV, RR, MP, MD, MB, and many other friends. All I have to say is that I'll never forget junior high! Those were the best troublesome days! Rutland High School was where I grew up into a very much more mature person and I had lots of partying to do. I will never forget the summer of 92. Those were the DF days. One more thing Id like to say is I can't believe Im finally going to graduate. I am very proud of myself because I never thought this day would come because I really started to slack off and get into too much trouble. So party on and have fun!!

I finally made it to my senior year. It took me a long time but I did it and I proved to all the people that said I couldn't do it and I doubt I would have been able to have done so well in school and during the football season if it was not for Coach Norman pushing me to work hard on the field and in the classroom. With his encouragement I stayed in school and graduated. He also taught me respect. For the first time in my I had respect for somebody. Thanks Coach and thanks Mom!! And for all the people that said I could not have done well ... HA ... HA ... I told you so!! Bye Bye Rudland High!

Live Long and Prosper!

I would like to thank all the teachers who made a difference. I look at things differently which leaves me with a more open mind. To make better choices and decisions. I've pushed myself this far so I can look on the past and keep trying to reach my goals. I'm ready for a long adventurous life, my spirit doesn't die it just gets stronger. The path I hope to follow will be adventurous, challenging, crazy, fun, fulfilling, and successful.

Life was hard but I made it. There will never be another year like this, so use it wisely incoming seniors. Hey guys remember everything that we did this year. HeyCH, JL, MO, DL, and the people that watched my back! Thanks for being there for me. I'm going to miss you guys! Thanks Mrs. Fisher for helping me through the hard times. School was a learning experience but I learned so much but in so little time. I want to thank RHS for giving me a chance to grow into what I wanted. Raider Power

The 1994-1995 Rutland High School band really is amazing. They spend huge amounts of time preparing for various concerts and parades, and they always have an excellent showing. The band, one of Rutland's larger clubs, meets as a class to spend an hour and fifteen minutes of their time getting ready to represent RHS. Everyone that attends the concerts can be overheard praising the band for their terrific performances.

CHAMBERSINGERS⁹⁹

DRAMA

The drama club can always be counted on for putting on the best shows in Rutland. Their performances, like this years' *The Birds*, and *Bells Are Ringing*, are always a big hit. With so many talented actors and actresses at RHS, it is easy to see why everyone raves about their plays. The production and acting crews at Rutland High School deserves a big hand for their excellence in the theater.

NATIONAL HONOR SOCIETY

National Honor Society is an honor to belong to. The participants are chosen based on at least a 3.3 grade point average. The students must maintain this GPA to remain a member of the club. In addition to good grades the members also do public services for the community.

KEY CLUB

STUDENT COUNCIL

Student Council is made up of representatives for each class grades 9-12. This group of students attends meetings in hopes to better Rutland High School. They get the inside track on the workings and goings on of Rutland High School and then they can make changes. Everyone has the opportunity to speak their mind and give their opinion, so no class can go without, and everybody is represented.

Girls' And Boys' State

A group of nine boys and seven girls spent one week at Norwich University or Vermont College this past summer with other students from Vermont. Participants learned about our government and politics by setting up town and state governments and by spending a day in the State House. At the State House they created, edited, and debated bills. The students from Rutland High School became very active during the week, including T.J. Moran, the Governor of Boys' State.

What is the one thing you would change about Boys' State?

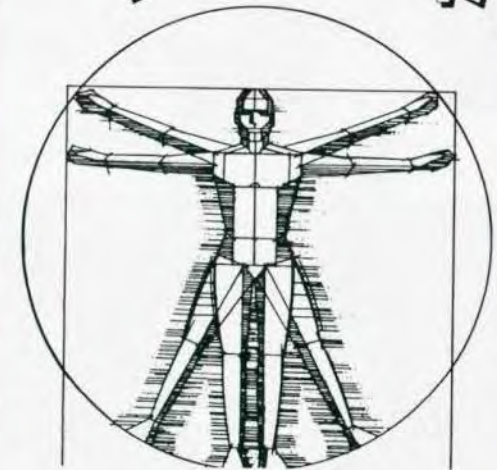

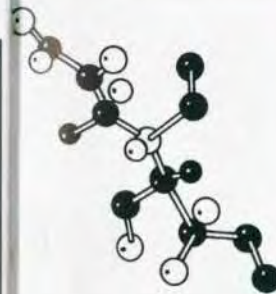

Coed!

-Mike Coppinger

What is your advice to people going next year?

Don't forget white gloves or food!

-Meredith Bagley

SCIENCE CLUB MEMBERS

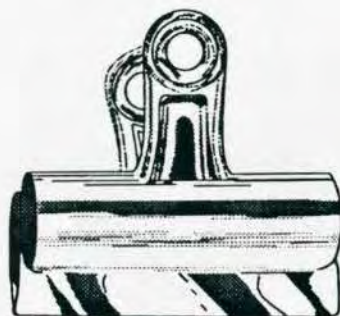

The Science Club, under the direction of Mr. Hooker, provides a fun atmosphere for students to talk about, and participate in activities that are in the field of science and environmental issues.

THE Write Stuff

The staff of the Red and White, under the supervision of history teacher Mary Fregosi, is a student oriented newspaper that accurately brings the students the latest news in their sports teams, school plays, gossip, and complaints. The Red and White has quite possibly become the most popular reading around!

Staff Of School Newspaper: Red And White

"The 1995 Talisman took a lot of dedication and hard work. Unfortunately we were short staffed so it came right down to a couple of people. Still, it was a lot of fun and it is great to see the whole book come together."

-Bethany Stack, editor

1995 TALISMAN YEARBOOK STAFF

BIG FRIEND, LITTLE FRIEND

Mediation is a group of peer leaders who really deserve credit. Few people realize the dedication involved in these students. They go through a 32 hour training in order to be prepared for any situation. They are then called in to help settle disputes before they get out of hand. Their devotion and hard work are a major contribution in the area.

MEDIATION

Big friend/Little friend is part of GMTI, and every Wednesday we meet at Dana Elementary school. Our little friends were first, second, and third graders. We planned games and activities. The time we spent together with our little friends proved both entertaining and memorable.

-Jill Sabotka

STUDENTS AGAINST DRUNK DRIVING

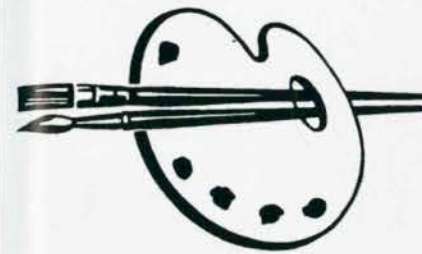

Students Against Drunk Driving spend their time creating alternatives to drinking. Many activities such as dances are put on throughout the year. Red Ribbon Week is one deviation from alcohol everyone is aware of, and participates in. The S.A.D.D. group deserves a lot of credit for trying to tackle the drinking problems that youth today face.

ART CLUB

Members of the Art Club

GOVERNOR'S INSTITUTE

GMTI, or, Green Mountain Teen Institute, is a group of individuals that really have fun. The meetings usually involve food, fun, laughter, and occasionally, some planning. Some of the activities the GMTI group can be counted on to organize are dances, lock-ins, and a carnival. Some of the extras usually include bake sales and parties. Needless to say, the group has a lot of fun and at the same time provides something for the rest of their classmates to look forward to.

RUTLAND'S EXCHANGE STUDENTS

The Rotary Exchange Program gave me this excellent opportunity to represent my country "Argentine" in my senior year in U.S.A. in which I learned a lot, experienced a different culture, made new friends and have lots of fun with them. I had three host families; the Christie's, the Carmolli's and the Shipmans. They were great, loving and caring. I would like to thank them, and thank my family and friends in Argentine for their support.

While I have been in the U.S.A. I have been skiing for the first time, and I loved it. I made a nice group of friends from all over the world. I promise to keep in touch and I wish to come again and visit. xoxo Love,

Mariane Grandi (18 years old)

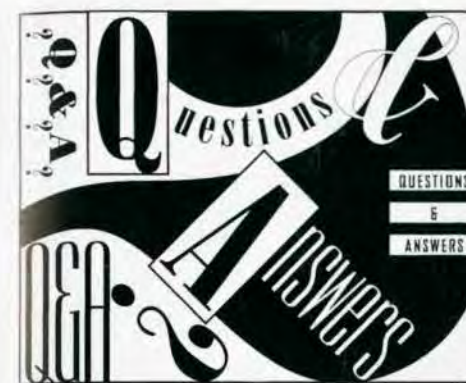

Emily St. Peter, Majorette

The Majorettes and the Flag Team are another branch of Rutland High School's school spirit. Most people do not know much about these active students. They attend parades and march as a representative of RHS sporting the banners and flags and crowd uplifting spirit that RHS is so famous for. All the members here deserve adequate credit for their participation in such a good cause!

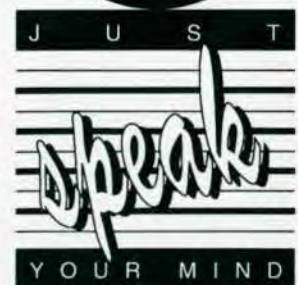

94-95 FLAG TEAM

The Rutland High School Debate Team is an organized group of individuals who debate in pairs either for or against certain issues. After taking notes, their opponents cross examine the issue at hand. The teams are being judged on performance and knowledge for affirmative or negative.

DEBATE TEAM

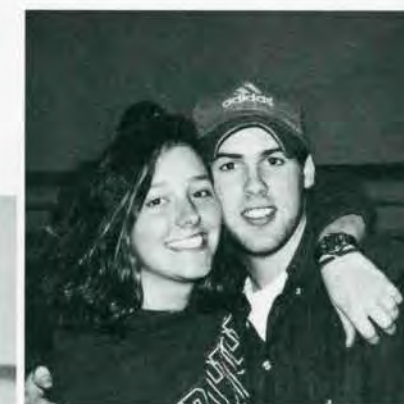

COMMUNICATIONS

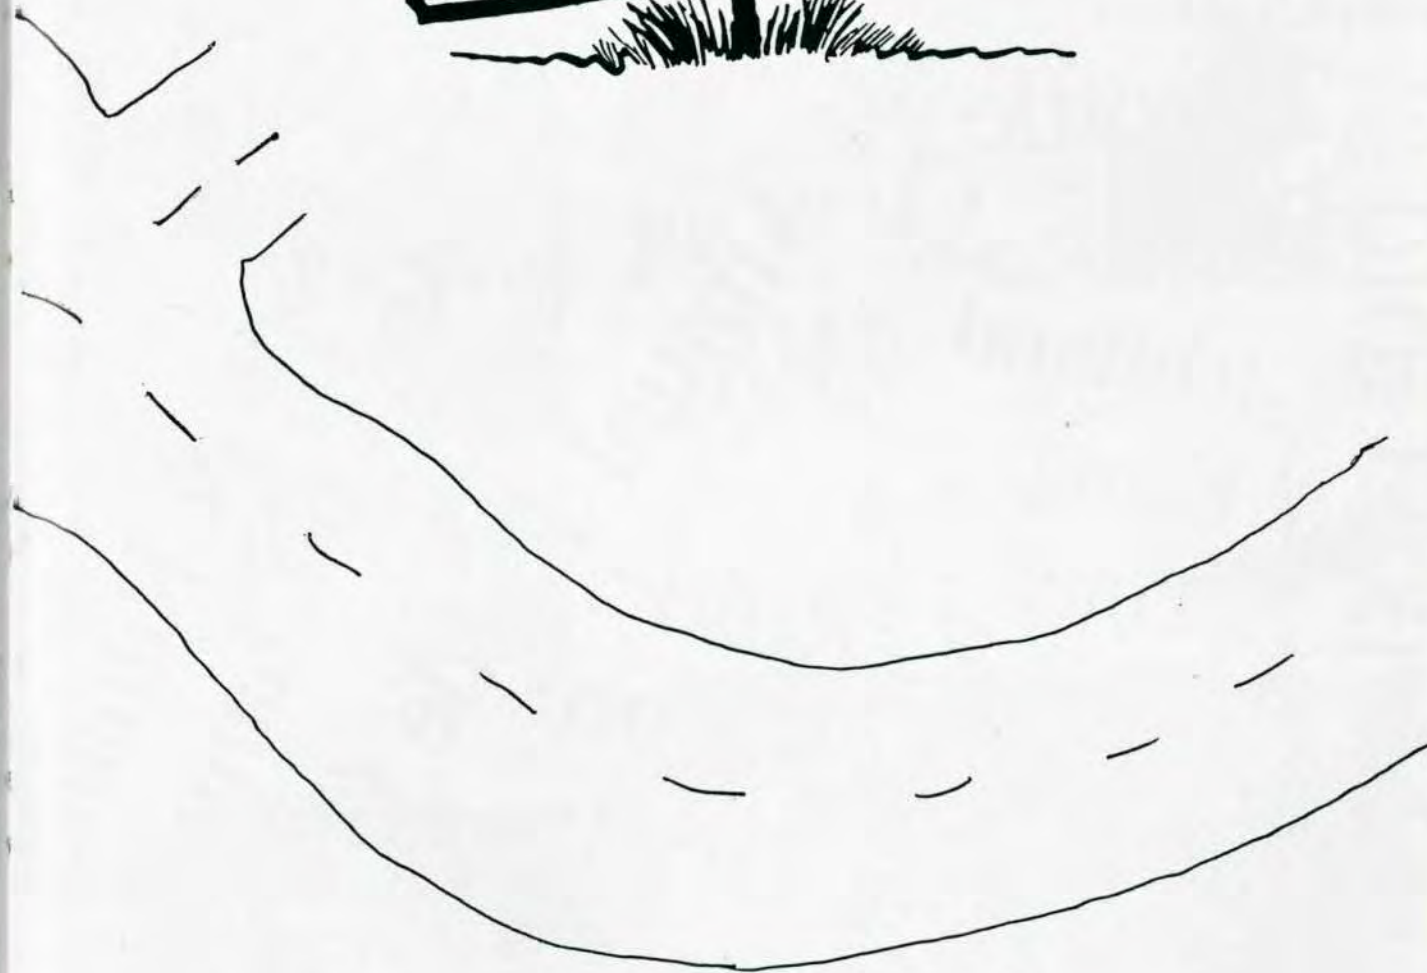

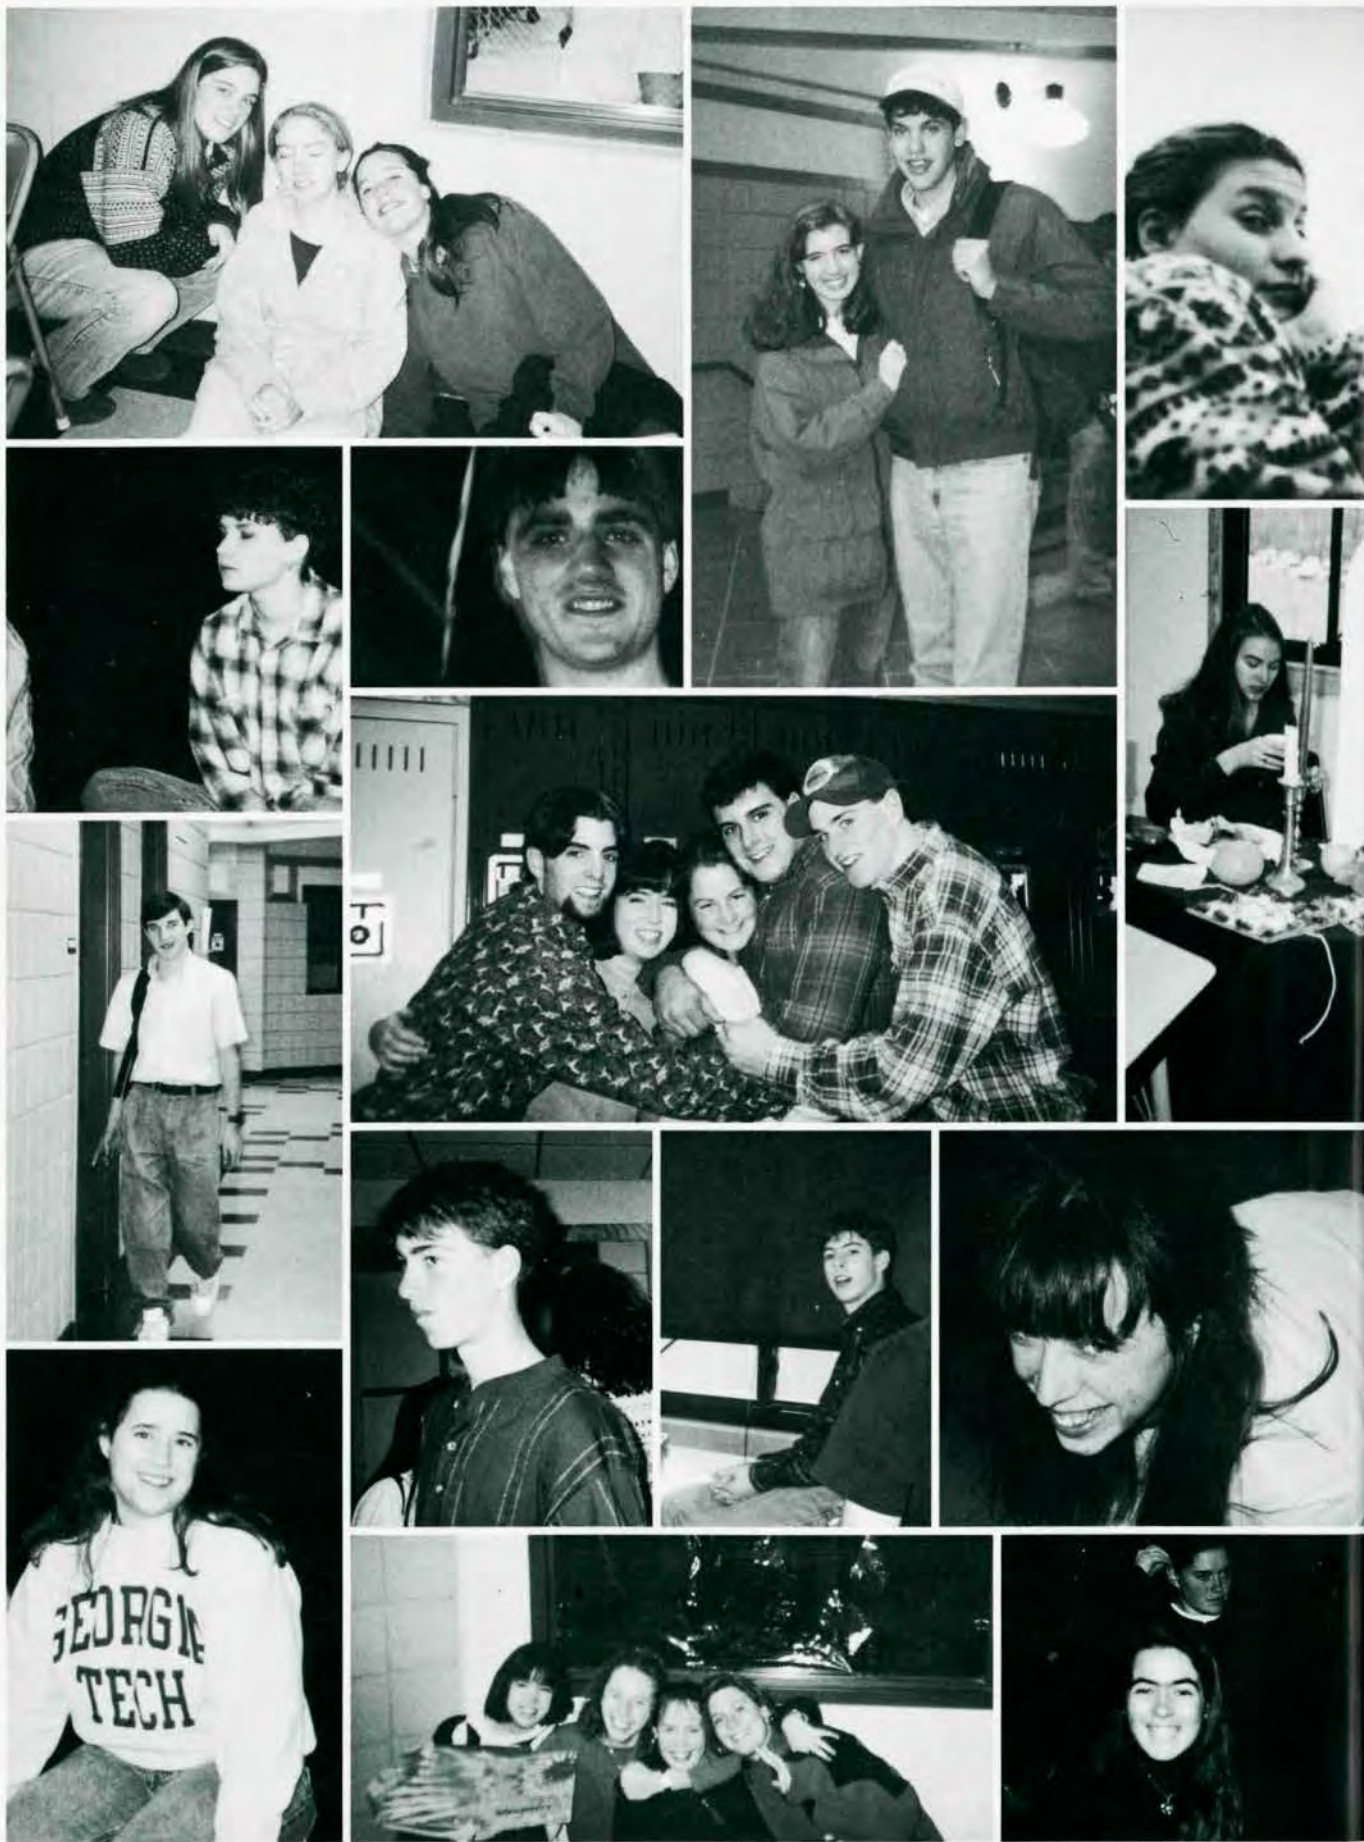

If you ask anybody in communications they will tell that the class is a lot of fun. It may well be the one class they look forward to throughout the day. Under the direction of Mr. Kreitzer, the communications class, consisting of seniors, is provided with a comfortable place to relax and learn. Endless activities are planned to take these students on to new adventures and more exciting experiences. Communications is without a doubt the hottest class for future seniors to sign up for.

SOCCER

The Rutland High School's Girls Soccer program had an excellent season this year. They were even able to add a Freshmen team because of the large number of girls that tried out. Throughout the fall the girls could be seen sporting excellent teamwork and support to one another. Facing some very tough competition the girls faired quite well. Looking for more of the same next year!

This past fall Boy's soccer took an encouraging step forward. Soccer, usually overshadowed by the football program, had a record number of 65 boys try out. In fact, Rutland High was able to add a freshmen team, and still had trouble accommodating all the soccer players. Like with many athletic teams, there were inner team problems that had to be worked out among the guys, but overall, the Varsity, J.V. and Freshmen teams did extremely well. Soccer is definitely on the rise, and has many promising years to come!

Introducing Odyssey.
The Honda of Minivans.

Talk about versatility. Instead of a cumbersome third seat you have to unbolt and hoist out, the Odyssey comes with one that disappears in almost no time at all. The Odyssey also sports four passenger doors and a low step-in height. Drop by and take a test-drive. You'll be converted in seconds. The Odyssey EX. **HONDA**
